Profile overview

Richard has spent more than 20 years in corporate reorganization and restructuring in a variety of roles ranging from operations management to strategic financial advisor. He has worked with small entrepreneurs, mid-market family businesses, multi-billion dollar corporations and a wide range of public sector entities.

Richard has extensive experience in advising banks, private debt funds and other lenders in the management of distressed loan positions. He has also advised government agencies, private boards and other stakeholders in industries ranging from film & media to aviation and manufacturing.
